## VALUED PARTNER & PROJECT MANAGEMENT EXCELLENCE CERTIFICATE

Highly satisfactory & agile approach towards project management and software Development!

Thorough understanding of our business goals and the execution of strategic objectives. We are very impressed with our offshore development team of Aegis, specializing in Java & J2ee.

Aegis is our trusted & valued partner for a number of years now & all the solutions we implemented are developed by Aegis Only. We are using 6 no of dedicated Java specialists from Aegis for our healthcare systems. I would highly recommend Aegis for Offshore Development services & support.

Thank you guys for such a wonderful technical support , I truly appreciate your involvement in business.
