Dear Harsh,

As a manager responsible for development outsourcing in PointRF I wish to express my appreciation and thanks.

Aegis software has been an efficient and reliable source for Java Development services for our company. The team has been able to meet a broad range of our requirements pertaining to our healthcare project, while the company has remained flexible, cost efficient and most importantly lightning fast. Aegis is absolutely a trusted partner for us. Keep up the good work team! ”

I am sure we will utilize Aegis' expertise in our future activities.

Regards,

Adi Tadmor
